About Us

Our mission:

To impact the lives of young people by providing educational programs that build character, instill life-enhancing values, and promote healthy choices through the game of golf.

First Tee – Pittsburgh enables kids to build the strength of character that empowers them through a lifetime of new challenges. Utilizing the game of golf as our platform, we create learning experiences that build inner strength, self-confidence, and resilience that kids carry to everything they do.

We give kids a safe place to grow with coaches trained to create supportive environments, who help them navigate challenges during golf lessons but more importantly, off the course. Through our personal growth and junior golf programs, we see kids' self-confidence grow tremendously, inspiring more active participation in leadership opportunities and events, community involvement, and high school and college scholarships.
